The speed limits are higher than in Norway and motor roads have a maxspeed of 110 km/h.

The common speed limits outside urban areas are 90 km/h. Do note that speed limits may be lowered during winter.

Strangely, radar-jammers and detectors are not forbidden.

UPDATE 25.9.2006

The Swedish government has decided to double the traffic fines. (Going Norwegian?)

The new fines will go into effect on October 1. 2006. (the fines are specified below)

NEW, November -001 :

Sweden is a member of the EU, and so has come under pressure to implement a system based on points. This will probably mean that the Swedish fines and reactions will be normalized, eg. lowered, over time.

The important numbers :

Speed-limit	30	50	70	90	110
License withdrawn (min 2 months, max 8 months)	50	81	101	121	141

In detail :

Speed limit	Violation	Fine (SEK)	Fine (Euro)
50 km/h and lower	+ 1-10 km/h	2 000 SEK	215 €
	+ 11-15 km/h	2 400 SEK	260 €
	+ 16-20 km/h	2 800 SEK	300 €
	+ 21-25 km/h	3 200 SEK	345 €
	+ 26-30 km/h	3 600 SEK	390 €
	+ 31-40 km/h	4 000 SEK	430 €

The RoadMC videos for download are:

- ☐ Way too expensive!
Give them away for free!
- ☐ Too cheap! Nobody will go to the trouble of paying such ridiculously low sums!
- ☐ The prices are just right. I want more micro-payments like this on the net!
