This is the Motorway list page for Lorry Parks, Truck Stops & Transport Cafes, which are ON MOTORWAYS OR NEAR. The link below goes to [an A & B road list of Truck Stops, Lorry Parks & Transport Cafes on A & B Class Roads](#)

Motorways & near motorways list of Truck Stops, (Truckstops) Transport Cafes & Lorry Parks used mainly by those involved in Transportation and Haulage.

Road Transportation Haulage is the only way people get their goods, HGV (heavy goods vehicles) often followed by the WVM (white Van Man) the professional, driver in his/her truck, trucking on all roads in all conditions. HGV, long distance drivers and multi drop drivers, white van man, all pump the life blood of a nation, very often the later with more drops than Santa.

I am sometimes asked, what is a bear doing on the page? The Bear is here for light-hearted fun, its the old times image of the Burley Truck Driver (sometimes with a big spanner in his hand when his cab door is opened (from the outside)) who you don't want to upset, of course it can be true today, whatever! The Bear is essentially the icon of the very often Yesteryear (cud b today) Truck Driver, I know all you drivers know this, but office types who sit amongst potted plants and electric kettles are not always so aware, God bless them!
