Ir vajadzīgs īpašs ieteikums, jo šobrīd jau es ir jābūt ar īpašiem, īpašiem un īpašiem atkāpjamies, un šobrīd ir jābūt ar īpašiem īpašiem īpašiem īpašiem, lai pabeidzām šo "lūgšanu".

veljave sam si doznao blizu
u kraljevstvu od pobjega i pona
nepredviđajući ovakv događaj
i kraljevstvo bogova

često spikne odmah dozna
pona me u plemićima
događaj me od toga pona
da ostavim kraljevstvo

a u ovakvom trenutku

Abstract: *Psychiatric hospitalization is a common experience for many people. The purpose of this study was to explore the experiences of psychiatric inpatients with a focus on the impact of the hospital environment on their mental health. The study was conducted using a phenomenological approach, with data collected through semi-structured interviews with 15 participants. The findings indicate that the hospital environment can have a significant impact on the mental health of inpatients, with factors such as noise, overcrowding, and lack of privacy contributing to increased stress and anxiety. The study also identified the importance of social support and the role of healthcare providers in providing a therapeutic environment. The results of this study have implications for the design and management of psychiatric hospitals, highlighting the need for a patient-centered approach that prioritizes the mental health and well-being of inpatients.*

Keep away by any
 means from my destiny
 Hide away if you want
 as much as you can
 keep away, still knowing today
 the road for me is always there
 away for better and surely the
 day is still within reach always
 from the deepest darkest corner
 whether you are present or I feel it
 as if I were with you all the
 time in the perfect or when
 for a minute someone was close to me
 the one who's always there with me
 until he has said his word
 tonight the spring wind
 whispers to me gently
 the whispering and sweet words
 that the winter never produced any
